BACH AND BEETHOVEN — Two beautiful swans named Bach and Beethoven have been added to the Hanson Hills Park scenery. The DNR gave the swans to the park and veterinarians Wayne Casler and Paul Mesack clipped the birds' wings so they'll stay at the park. The pair can be seen in the pond at Hanson Park. From Our
Corner...

This Sunday morning's cup of coffee and the sports sections of the Free Press and the Bay City Times didn't help the ol' fella one bit in motivating a start to this week's turkey...in fact I think it was adverse...our beloved Tigers were slaughtered Saturday by the California Angels like they had on Friday, so we didn't spend too much time on reading on how discarded Rupert Jones came back to haunt them with two home runs...

We quickly put the sports sections aside and moved to the front pages of the two papers...we had known prior of the devastating tornadoes that had ripped parts of Ohio, Pennsylvania and Canada on Friday but, after reading a number of stories we could think how lucky we were here in Grayling, and remembered talking to several people and complaining along with them on how bad the wind was on Friday...in fact when we came back from lunch Friday I told the folks here at the paper that the wind had taken a big limb down in our back yard...big deal, we still have our house which hundreds of families in the path of the tornadoes have shambles...

It must have been the reading about the Tigers and Tornadoes that put our mind blank on any thoughts about getting on with this column...

We called our Buckeye family Saturday evening, mostly to wish Stefany a happy 8th birthday, and also to inquire if they were in the path of the tornadoes, which thankfully for them the storm hit east of them...when we looked at the map in the paper Sunday, it wasn't too far away...

A memo to Jimmy Ott, retired from Mercy Hospital and now taking it easy at his home on Higgins Lake...we received your gift and we will pass it on...but, one thing you mentioned in your note was, "to keep that Railroad man on the straight path", we can not be obligated, in fact we don't think the deity can do it...anyway Jimmy, thanks for your concern...

An idle thought...we forgot to mention up above that while looking out our kitchen window this morning we found out another species of the wild kingdom likes oranges...a big butterfly kept going from one to the other on the table...we're still not going to give up our notorious image as the "Orange Pop kid"...we've been in this wild kingdom too long...in fact we are starting to count the months to get out of the cage and just be an onlooker to the funny people who can't seem to just keep in their own habitat...there are many monkeys in this wild kingdom, and it seems like we have had our share on our back...

On a lighter note...we want to mention here to all of our residents in our little hamlet, be prepared for this coming Saturday morning...there is going to be some little guy or gal knocking on your door for a little help for the Little League...following their surge on our citizens they are going to be having a picnic at the Knights of Columbus hall compliments of the Knights, and we understand that the previous mentioned railroad man, Irvin was going to be Servin summer sausage, and some are not...

Another idle thought...we were invited to be a guest of Ron Fraser to take the Le Coache Tour bus Saturday for the Tigers-Angels game but, with previous engagements we were unable to do so, and thinking about it Sunday, maybe if I had went, my bad luck might have turned to good luck for the Tigers...we are going to make one of the trips...we should watch for the day the Blue Jays come to town...the birds are really flying high right now...

Gosh, I guess I should forget the Tigers and go the way of our bride...she's a Cubbie fan...she knows all the players right from Harry Carey the announcer down to the bat boy...she asked the other day, how am I going to watch the Cubbies in the World Series games at night when they don't have lights...

We left that one alone...

With that we will bid T.J., Stefany and Amber goodnight, and to all who may read this turkey, have a nice weekend, pretty soon we will be able to forget winter...

The Bible Speaks

From Calvary Baptist Church.

AM I A FOOL???

All human beings are filled with love and hate. It is the direction of our love and hate which makes us different. All of us love right and hate wrong. We simply disagree about who and what is right and wrong. There are those who preach "love" and practice "hate". All of us have seen or read the accounts of Dutch liberals shouting "Kill, Kill, Kill the Pope!" It was the liberal philosophy of 19th century German rationalism which gave us the Nazi death camps where 6 million Jews were murdered. It is the same 19th century rationalism, humanists in America have followed to murder 15 million babies.

The liberal humanist rejects all absolute standards of right and wrong. He hates the Bible because it is a book of absolute righteousness. He censored it from education and even sued President Reagan for declaring 1983 "The Year Of The Bible." The Bible is the most feared and hated book among Communists, Socialists, Humanists and other kissing cousins.

Men hate the Bible because it judges and condemns their sins. Man does not like for God to tell him he is wrong and will pay the penalty. Men hate the Bible because they love their sins. "And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil. For everyone that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved." (John 3:19, 20). Men try to justify their sins under the cover of "human rights". They even joke about their sins to detract from sin's seriousness. "Fools make a mock at sin..." (Proverbs 14:9). God says man is a fool to take sin lightly.

Just as "Fools make a mock at sin...", they also mock God. "The fool hath said in his heart, there is no God. Corrupt are they, and

have done abominable iniquity..." (Psalms 53:1). God says all atheists are fools.

God says the Atheist is a fool for trusting his own judgment. "The way of a fool is right in his own eyes..." (Proverbs 12:15). "He that trusteth in his own heart is a fool..." (Proverbs 28:26). The preaching of the death, burial and resurrection of Jesus Christ for sins is foolishness to the Atheist. "For the preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God." (I Cor. 1:18). All of us are somebody's fool. It is better to be a fool to the world than a fool to God.

Iris Show
at Fairview

On Saturday, June 8, the Mio Irisarians will hold the 41st Annual Mio Iris Show in Fairview at the Fairview Town Hall. The show normally held the second weekend in June has been advanced one week due to this year's early growing season.

The second change is location which is due to the availability of space for the show. We hope that visitors will not be disappointed or confused by the change of schedule.

The public is invited to view specimen and artistic arrangement entries between 2 - 7 p.m. on Saturday at the Fairview Town Hall. A new iris show queen will be crowned at noon on Saturday. All judging results will be known by 2 p.m.

Anyone wishing to enter the Mio Iris Show may do so according to show rules. Specimens will be evaluated by American Iris Society approved judges. Entries must be entered prior to 10:00 a.m. on Saturday.

For more information contact: Mrs. Maurice Fullerton, or Mrs. Thelma Sieland, both of Fairview.

Here's a Diet of Statistics

by Richard Millman

THERE ARE, the saying goes, three kinds of lies: There are lies. There are damned lies. And there are statistics.

Wherever you turn these days, it seems, you bump into statistics. Some are significant. Some are interesting. Some appear meaningless. But they're there.

Rifling through the newspapers lately turns up a spate of statistics, presented herewith in no special order and with no special comment.

— ANN ARBOR'S 1983 per capita income of \$13,414 was tops in Michigan and ranked 34th among 313 U.S. metropolitan regions, according to the Commerce Department. Michigan cities following Ann Arbor were Detroit second at \$12,537, Kalamazoo third at \$11,609, and Grand Rapids fifth at \$11,334. Of Michigan's 11 largest metro areas, Muskegon was last in per capita income at \$9,671, which made it 258th of the 313 national markets surveyed.

— The 10 metropolitan markets in the country with the largest employment increases expected by the year 2000, according to the National Planning Association, are, in order: Houston, Tex.; Anaheim - Santa Ana, Calif.; Los Angeles - Long Beach, Calif.; San Jose, Calif.; Dallas, Tex.; Denver, Colo.; Phoenix, Ariz.; Washington, D.C.; San Diego, Calif.; and Boston - Lawrence - Salem, Mass.

— Five of the 10 U.S. counties with the greatest decline in population between 1980 and 1984 are in Michigan, according to a Dun and Bradstreet study. The top 10 losers are Wayne, Mich.; Berrien, Mich.; St. Louis, Mo.; Madison, Ind.; Jackson, Mich.; St. Louis, Minn.; Genesee, Mich.; Delaware, Ind.; Saginaw, Mich.; and Cambria, Pa. The top 10 counties with population gains are Fort Bend, Tex.; Montgomery, Tex.; Gwinnett, Ga.; Denton, Tex.; Collin, Tex.; Anchorage, Alaska; Arapahoe, Colo.; St. Tammany, La.; Marion, Fla.; and Lee, Fla.

— LAGOS, the capital of Nigeria, is the world's most expensive city for U.S. executives overseas, according to a survey by Business International. Lagos had 145 points in the survey's expense scale, followed by Tokyo at 118, Cairo 116 and Tehran 114. Cheapest of the 91 cities surveyed was Belgrade.

— The Democratic Party more than doubled its fund-raising for the 1984 election, raising \$96.8 million compared with \$39.3 million in 1982. However, the Republi-

cans raised \$300.2 million in 1984, up from \$215 million in 1982. Considered were the parties' national committees and their Senate and House campaign committees, according to Federal Election Commission figures.

— The most popular car among thieves is the Buick Riviera, with more than 16 of every 1,000 built stolen, according to a two-year federal study. Other big hits with car thieves in 1983 and 1984 were the Toyota Celica Supra, with 14.9 thefts per 1,000 cars produced, Cadillac Eldorado with 13.5, Chevrolet Corvette with 13.3, Pontiac Firebird with 12.4, Chevrolet Camaro with 11.7, Mazda RX-7 with 11.6, Porsche 911 with 10.9, Oldsmobile Toronado with 10.5, and Pontiac Grand Prix with 10.4. According to this study, not a single Rolls Royce was stolen in that two-year period. Ten years ago about half the stolen cars were recovered; today only about 15 percent show up again.

— ANAHEIM - SANTA ANA, Calif. is the most expensive housing market in the country, with a median resale home price of \$132,100. Others over \$100,000 were New York, \$125,400; Los Angeles, \$114,300; Boston, \$108,600, and San Diego, \$101,200. Detroit's figure was \$51,300 and the country's median price was \$73,900, according to the study for early 1985 by the National Association of Realtors.

— America's personal income rose 8.7 percent in 1984, with residents of Arizona, Georgia and Florida making the biggest gains, according to the Commerce Department. Alaska leads in state per capita income at \$17,155 and Connecticut is second at \$16,369. U.S. average is \$12,707, and Michigan is slightly behind that at \$12,518. Mississippi has the lowest state income at \$8,857 average.

— The U.S. foreign trade deficit totaled \$28.3 billion during the first three months of this year, a 16 percent rise from the last three months of 1984.

THERE. Had enough statistics for one sitting? Seldom, if ever, has the Almanack presented so many facts in such a short space.

Just drop any of these figures into the conversation the next time you're having coffee or cocktails or just quite talk with some friends, and you'll probably be the hit of the party.

There's nothing like statistics to lend authenticity to any discussion.

Governor Offers Plan To Reduce Hazardous Waste in Landfills

Warren M. Hoyt, Executive Dir., MPA

Governor James Blanchard has proposed changes to the 1979 Hazardous Waste Act to provide stricter enforcement for proper disposal, less reliance on landfills and promote use of alternatives, particularly incineration.

Despite passage of the act six years ago, "Public confidence in the safety of hazardous waste management in Michigan is still lacking," the Governor said in outlining the plan at a recent meeting of the East Michigan Environmental Action Council.

"Our strategy is part of a nationwide effort to move away from the landfill mistakes of the past and into a promising new future of recycling, reclamation and other alternatives," he said.

The Governor's environmental assistant, David Dempsey, said the current law permits penalties only under a hard-to-prove threat to human health standard and immediate action by the state against waste haulers violating the act is not possible.

He said the proposed changes would expand enforcement of hazardous waste permits, violations, capacity limits or bonding requirements by permitting suspension of a permit. It would also eliminate the need to obtain warrants from prosecutors to issue citations to waste transporters.

Although a failure of the current law is its provisions controlling establishment of a hazardous waste site (three proposals have been rejected), the Governor's plan does not propose changes except for an exemption from review requirements for "limited storage facilities."

Instead, a study group would be appointed by the director of the Department of Natural Resources to review whether and what changes should be made to meet environmental and economic objectives.

Dempsey said he hopes the studies will produce answers on alternatives for hazar-

dous waste sites and provide a clearer understanding what facilities are needed to manage waste properly.

The plan's objective is to establish at least one site by 1990, by which time the percentage of waste handled through landfills is to be cut to 50 percent, from 68 percent.

To discourage landfill use, the plan would impose, beginning in 1987, a \$10 per ton fee for hazardous waste disposed in landfills, which would be cut to \$5 if the waste is treated and with a credit provided if alternatives are used.

The fee would produce about \$2 million in state revenue for additional permit staff and enforcement of the act.

The proposal would establish a coordinated program of notification, education and inspection to help the 15,000 businesses with small quantities accounting for about 15 percent of the hazardous waste generated each year.

MAJOR CRIME DECREASES

State Police Director Gerald Hough reported incidents of major crime decreased 1 percent in 1984 from the prior year, although categories of rape, vehicle theft and arson were up significantly. Total reported crime was reported up 1 percent.

Reported incidents of index crimes — murder, non-negligent manslaughter, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft and arson — represented one crime for every 15 residents.

State Police reported a 6 percent decrease in murders and burglaries and a 4 percent drop in larceny.

The year-end report showed a 28 percent increase in reported rapes, 16 percent increase in auto thefts, 15 percent increase in arson, 10 percent increase in aggravated assault and a 6 percent increase in robbery.

"Medical Column"

By Wm. Eppler, M.D.,
CMH Ophthalmologist

Macular degeneration is damage or breakdown of the macula. The macula is the point of the retina of the eye upon which the light rays meet as they are focused by the cornea and the lens of the eye. The retina receives the images that come through the "camera-like" lens of the eye. If the macula is damaged, the central part of the images are blocked as if a blurred area had been placed in the center of the picture. However, the images around the blurred area may be clearly visible.

Macular degeneration — the most common cause of deterioration of eyesight, and one of the leading causes of legal blindness.

The macula is very tiny. It is about the size of two pencil leads placed side-by-side, about 2.5 millimeters. It has an entirely different type of vascular (system that conveys fluid) supply than the rest of the eye, and it is structurally different. The macula has about a million nerve fibers. The eye makes even the most sophisticated computers look crude in comparison of complexity.

The complexity of the eye and the fact that the macula is so different from the rest of the eye are reasons it is so difficult to repair. Macular degeneration is only treatable 20 percent of the time — and then only if the damage is discovered early and treated by an ophthalmologist.

In spite of those percentages, there is some good news for those with macular degeneration. Total blindness does not occur even when the damage to the macula is extensive. Central vision may be nonexistent, but peripheral vision still functions. That means the eye still sees objects to the side, but reading or close work is difficult or impossible without the use of special low vision optical aids.

There is no common denominator in determining who will have macular degeneration. It most often occurs in older people, but aging alone does not always result in central vision loss. Macular degeneration does not seem to be related to any particular occupation.

The most common form of macular degeneration is called involuntional macular degeneration. This form accounts for 70 percent of all cases and is associated with aging. It is caused by a thinning, or breakdown, of the tissues in the macula.

There are other types of macular degeneration that are inherited and not associated with aging. Also, injury, infection or inflammation may sometimes damage the delicate tissue of the macula.

Macular degeneration in one eye is hardly noticeable if the other eye is not affected. That means it can progress to a great degree before one would notice anything was wrong. That is just one reason to have a regular vision examination, because the vision specialist can tell if something is wrong before the patient has any indication of problems.

Persons over the age of 50 or persons who have a family history of retinal problems especially should have periodic checkups for their eyes to prevent vision loss.

Other leading causes of deterioration of eyesight are cataracts and diabetes. Persons with macular degeneration can be declared legally blind because of the loss of central vision; persons blind because of cataracts or diabetes do not have the side vision that remains with macular degeneration.

Cataracts can be treated

in several different ways. The most popular treatment is the intraocular lens implant. This method is the easiest and restores vision best. Many persons have the implant surgery done as an outpatient and resume normal activity soon after. There is very little discomfort associated with this type of surgery, and many patients report an immediate change for the better in their vision. There are approximately six to eight weeks of healing following the surgery and corrective lens may be used to further improve vision if needed.

Persons who have vision changes due to diabetes cannot stop the changes from taking place by altering diet or faithfully taking medica-

tion, but they can put some control on them. Certain conditions can be treated, and regular examinations are important to keep eyesight at the maximum level.

It is a myth that the vast majority of diabetics go blind. The fact is that only about three percent of those with diabetes go blind. There is no correlation with changes and treatment for diabetics who are insulin dependent and those who are not.

The eye is complex, but many conditions once untreatable are now cared for quite easily. As with other medical treatment, however, a qualified professional is required to diagnose and treat the condition.

BOATING SAFETY — On April 29, 1985, the fourth grade had Junior Deputy. It was on boating safety. Dean Goss and Larry Akers told the fourth grade about kinds of life jackets. They talked about how they dived and what they wore diving. At the end of Junior Deputy Mr. Hayes picked Angie Papendick and Melissa Keesler to help carry things out and when we were outside Mr. Hayes took a picture of us with all the life jackets. Graduates from A.F. Course

Army National Guard Pvt. Henry G. Laird, stepson of retired Col. Don Vradenburg of 710 Elm St., Grayling, has graduated from the U.S. Department of Defense fire protection course at Chanute Air Force Base, Ill.

During the course, students were taught basic fire-fighting techniques, rescue and first aid procedures, and the operation and maintenance of fire and rescue equipment. They also earned credits toward an associate degree through the Community College of the Air Force.

Laird is scheduled to serve in Grayling.

He is a 1978 graduate of Leto High School, Tampa, Fla.

GRAND OPENING — On May 11th DuPonts Lumber celebrated the opening of their new show room with a ribbon cutting ceremony. Grand prize of a ten speed bicycle was won by Dave Lovely. Above a group joined in the opening of the new building with owner Dave Wyman.

Doodles From The Tall Timber

By Wendell L. Hoover
Park Interpreter

Have you ever removed a tree stump? Those of you who have are probably remembering the occasion with distaste. I remember as a kid will the last pine stump on my grandfathers farm and what some dynamite did towards its removal. Not always were stumps removed with explosive force. Stump pullers were available, but not usually owned by an individual farmer.

The stump machine was more likely owned by someone who made a business of traveling around the country side removing the stumps from potential farm land. The usual fee was a dollar a stump. A former forty acres of pine forest would have a whole lot of stumps to remove before any kind of tilling or planting could be undertaken. I'm sure there were different kinds of stump pullers, but one was much like a giant screw supported by four legs that were set up to straddle the stump like a spider does a fly. The screw was turned by a team or two of horses that went around and around until the stump was wrenched from the soil like a giant tooth.

The farmer was left with the task of leveling the pock marked landscape and getting rid of the stumps. Many stumps were burned as trash, others were burned for firewood and still others became fences which still enclose some farm fields or lanes a half century after their removal from the earth which nurtured them.

Memorial Day Bike Winners

Three winners were named from nine entries in the Memorial Day parade bike decorating contest. First place went to Angel Young, 8, who won \$5. Melissa Duvall, 4, won \$3 for second and Mandy Duvall, 8, won \$1 for third.

Dinner-Theater at Holiday Inn June 15

Theatre on the Lake and the Holiday Inn of Grayling are again combining their forces to bring another enjoyable evening of dining and theatre to the North central Michigan area.

On June 15th, after enjoying the fine cuisine of the Holiday Inn in Grayling, the diners will become audience to Theatre on the Lake's production of John Paul Noonan's zany comedy "A Couple White Chicks Sitting Around Talking".

The play takes place in Westchester County, N.Y., in the kitchen of an archetypal suburban housewife, Maude Mix. Maude is having a typical "tough day" as the play begins. Not only is her husband off on a spree with his secretary, but Maude meets her new neighbor, Hanna Mae Bindler, who has just moved off from Texas with her "lug" husband Carl Joe. Hanna Mae is not the kind of person who takes "no", or "get lost" for an answer. Her pestering finally pays off and the two women become friends. As the play progresses they join forces against their errant and erring husbands.

Theatre on the Lake, is Northern Michigan's first touring Theatre company, and has performed through-

Completes Army course

Army Private Timothy Adams, son of Walter Adams of Rural Route 1, Frederic, and Sherry Adams of 595 Henry, Detroit, has completed a motor transport operator course at the U.S. Army Training Center, Fort Leonard Wood, Mo.

During the course, students received training in the operation and maintenance of light military vehicles. Instruction is also given in the transportation of personnel, equipment and supplies.

Don't Leave Your Kids Unprotected

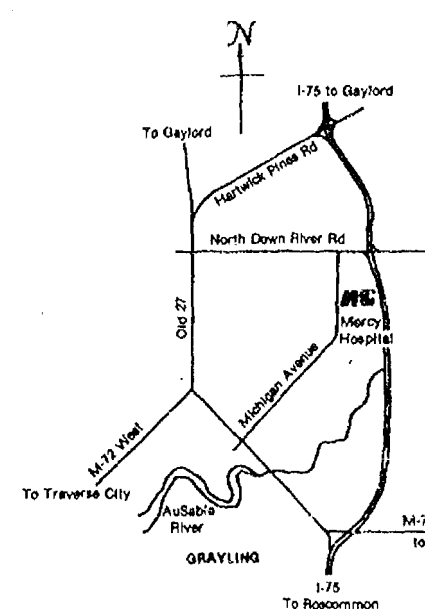

Anytime you are going to be separated from your children, be sure to leave written permission for emergency treatment

GOING AWAY WITHOUT THE KIDS?

Anytime you are going to be separated from your children, be sure to leave written permission for emergency treatment on file with the Grayling Mercy Hospital Emergency Department. By law, hospital emergency personnel can do nothing for your child in the event he or she becomes ill or injured, except in life or death situations, without parental authorization. Your child's care could be needlessly delayed while the hospital attempts to contact you.

With the proper consent on file, you assure your child of immediate care should it be necessary in your absence. Complete the form below and send or bring it to Grayling Mercy Hospital Emergency Department. Remove this portion of the sheet and leave it with whomever you leave the care of your children with in your absence.

You will note on the form below there is a line to be signed by a witness or notary public; either will be acceptable, however, a notary's signature is preferred.

COMMISSION ORDER CFI-112.85

(Under authority of Act 230, P.A. 1925, as amended)

Open Seasons and Catch Limits on Pike, Walleye, Sauger and Muskellunge

Under the authority of Section 4, Act 230, P.A. 1925, as amended, being 300.4 of the Michigan Compiled Laws, the Natural Resources Commission, at its May 17, 1985, meeting, amended its December 6, 1984, order, No. CFI-112.84, Open Seasons and Catch Limits on Pike, Walleye, Sauger and Muskellunge, and ordered that the following amended order become effective May 17, 1985, and remain valid for a period of five years until March 31, 1990.

It shall be unlawful to take the following named species except within the open seasons and daily limits prescribed (statewide regulations apply unless otherwise restricted):

Statewide open seasons on all waters not otherwise closed to fishing shall be from May 15 through February on walleye, sauger, northern pike, and muskellunge (including tiger muskellunge). The daily catch limit shall be five singly or in combination for largemouth and smallmouth bass, walleye, sauger, and northern pike; one for muskellunge (including tiger muskellunge).

The above regulations apply statewide except that walleye and sauger may be taken at any time from the Detroit and St. Clair rivers, Lake St. Clair, and Lake Erie; and that muskellunge in Lake St. Clair, St. Clair and Detroit rivers may be taken only from the first Saturday in June through December 15 of each year. The daily catch on Lake St. Clair and the Detroit and St. Clair rivers shall be six singly or in combination for largemouth and smallmouth bass, walleye, sauger, and northern pike when the catch includes at least one walleye or sauger. Also, the daily catch on Lake Erie shall be 10 singly or in combination for largemouth and smallmouth bass, walleye, sauger, and northern pike when the catch includes at least five walleye or sauger. For the purposes of this order the boundary between the Detroit River and Lake Erie is defined as an east-west line touching the southern most tip of Celeron Island.

LITTLE LEAGUE BEGINS — Captains from the Weyerhaeuser and Jack's Diner teams in the major division said the little league pledge at the season's opener May 20. City of Grayling mayor Sandy Thompson threw out the first pitch.

Little League Notes

Grayling Little League began the 1985 season on Monday, May 20, at Millikin Field with the Major League Division (10-12 year olds). The Minor League Division (8-9 year olds) began play on May 28. We have six teams in each division.

The Senior League (13-15 year olds) begins June 10 at Cornell Athletic Field (behind the high school). Umpires are needed for Senior League baseball. There are four teams in the Senior League and they play one game per night.

Saturday, June 8, has been declared Little League Day in Grayling by Mayor Sandy Thompson. This is also the date of our fundraiser this year which is unique. Parents and coaches will be supervising the players as they go through the neighborhoods accepting donations. The Knights of Columbus has graciously offered to provide us with a picnic at their facilities on Norway Street. Players are to be in uniform at Millikin Field at 9:00 a.m. Coaches and assisting parents should be there at 8:00 a.m.

Team and individual pictures will be taken by Adams Photography at the picnic. Parents may pick up their players after 3:00 p.m.

So, if you see a player on June 8, congratulate that player on being involved in a program which teaches sportsmanship, team comradery, and how to play that grand old game of baseball. While your at it, give him your spare change. It supports a worthy program that probably involves some little ones that you know.

Come out and watch our games. Admission is free and games begin at 5:00 p.m. on Tuesdays & Thursdays, and 5:30 p.m. on Mondays, Wednesdays, and Fridays at Millikin Field. Senior League games start at 6:00 p.m.

ABWA News

A dinner meeting of the American Business Women's Association was held May 21st at Englund's. In the absence of Chapter President, Pat Best, the meeting was chaired by Jane Larson.

May is designated Education Month. Kathy Parkinson, Education Chairman, received 17 applications for ABWA scholarships. A vote of the membership resulted in awards of \$500 educational scholarships to Brenda Prause, Madelyn Thomas and Rhonda Haske.

Sister Mary Ellen Howard, President and Chief Executive Officer of Mercy Hospital, Grayling, was guest speaker. She gave an interesting and informative presentation on the changes taking place in health care, followed by a question and answer period. The evening's vocational speaker was Diane Christman. Diane and her husband own and operate Milltown Tool & Engineering. They have been Grayling residents for seven years.

Lora Gould won the evening's 50/50 drawing. Present to celebrate May birthdays were Marty Reichelderfer and Carol Miller. Plans continue toward establishing an ABWA Chapter in the Mio area. The golf outing is planned for June 21st. A mini-workshop, to include other ABWA chapters, is still on the Fall agenda. The next meeting is scheduled for June 18th.

Grayling Radio Station Sold

Robert D. Dittmer, president of Dittmer Broadcasting Company, of St. Johns, announced that his company is acquiring WQON-FM, of Grayling. An agreement has been reached with the directors of AuSable Communications, Inc., the current owner, and Dittmer Broadcasting Company, Inc., with approval of the Federal Communications Commission expected to be received soon.

Dittmer has over thirty years of radio and television experience and will be the general manager. He was the first station manager of WHGR & WJGS, Houghton Lake from 1954 to 1966. His company purchased a radio station at St. Johns, Mich. and operated WRBJ AM & FM until 1981.

The new WQON station and operations manager will be Bob Dittmer, II. He will be coming to Grayling from a news anchor position at KTAR, a news/talk station in Phoenix, Arizona. He brings with him twelve years of radio experience.

Receives Promotion

Word has been received of the promotion of Donald F. Carl to Corporal and the awarding of the Army Achievement Medal at Ft. Hood, Texas. Donald is a 1983 graduate of Grayling High School and is the son of Donald & Donna Carl of Grayling.

Sibs for Kids

The Crawford County Sibs for Kids is looking for volunteers who are willing to spend a couple of hours a week with a child who needs a friend. Becoming a Big Brother or Sister does not require a large financial commitment. All the Sibs for Kids Program asks is that you see or talk to your Little Brother or Sister whenever convenient for you. Just be there when needed. Share your time with someone who needs you.

If you are interested in becoming a Big Brother/Sister or know of a possible "Little" Brother or Sister please call 348-2841; ext. 262 or stop by our office of M-72 W.

Sibs for Kids is supported by United Way of Crawford County.

Special Program - Tuesday, June 11th, The "Meolodars". This is the Roscommon Kitchen Band under the direction of Rena Johnson. Dinner is served at 4:30 p.m. and the program is immediately after dinner. Please call 348-7123 or 348-8031 for your dinner reservations.

Quilts are needed for quilting by the RSVP ladies, and all proceeds go to the COA Building Fund. If you are interested in having a quilt done, contact the COA office, 348-7123 or 348-8031. The cost for labor is between \$55.00 & \$85.00, depending on the size and design of the quilt. You will need to furnish the cover, batting, backing, and the thread. Feel free to stop by anytime Monday thru Friday, 8:30-4:30 p.m., to see the beautiful job these ladies are doing.

Jeff Martinez Participates In Operation Bentley

Jeffrey Martinez, a senior at Grayling High School, son of Rudy and Roberta Martinez of 413 Evergreen Drive, Grayling, recently participated in Albion College's Operation Bentley program from May 17-25.

Operation Bentley is a program for college-bound high school students interested in government. Co-directors are Connie Cook, Assistant Professor and Department Chairperson of Political Science, and Myron Levine, Assistant Professor of Political Science.

All students were selected on the basis of academic record, teacher recommendation, and involvement in high school and community activities.

Piano Recital

One hour of pure pleasure - Yes! That's what 70 lucky guests received when they attended the May 19, 1985 Piano Recital performed at 4:00 p.m. by the students of Janet M. Dice at the Michelson Memorial United Methodist Church, Grayling, Michigan.

Pianists included: Beginning Students: Nick Stancil and Joel Lewis; Advanced Beginners: Ryan Hindmarsh, Mike Spencer and Angie Thompson; Intermediate Students: Matt Spencer, Theresa McDonald and Paulette Reinhardt; Advanced in Piano Study: Paula Nunn, Jenny Money, Angie Larson, Paul Reinhardt, and Debbie Schanz.

The students' recital consisted of a variety of compositions and some of the more familiar renditions included: Deep Purple (Peter DeRosa), Maple Leaf Rag (Scott Joplin), Rustle of Spring, Opus 32, #1 (Sinding), Hungary, Opus #410 (Koelling), Rhapsody in Blue (Gershwin), Prelude in C# Minor (Rachmaninoff), Czardas (Monti), Joy Prelude (J.S. Bach), Contemplation (Mendelssohn) and Mozart's Fantasia in D Minor.

Because of the vast accomplishments that these students obtained, Mrs. Dice presented Awards to each performer at the end of the recital. She was so very proud of every student.

Herbal Corner

Have you planted your tomatoes yet? Even if you have you can still try this suggestion. Go to your nearest drywall and beg, borrow, or buy a five-gallon plastic pail. Drill a hole near the edge on the bottom and use a jigsaw to cut out the bottom. This pail is then placed over your tomato plant and twisted into the soil.

We experimented with this a couple of years ago and learned a few fascinating facts. First, the tomatoes can be planted in May. When you suspect a frosty evening, simply place the lid over the bucket. When the plant grows large enough to touch the inside of the pail, only the leaves touching the pail may be affected by the frost. Second, you put your composted material inside the pail or your commercial fertilizer around the inside edge (putting the commercial fertilizer around your plants will burn as it dissolves). In any case you only fertilize the tomato plant and not your path. Third, the plastic pail will act as a mini greenhouse for your tomato plants keeping their roots and stem warmer than the environment. Fourth, what a tomato stake you have! Your tomatoes droop over the sides for easy picking. When the growing season is over you simply pull up your tomato plant and hang it upside down in your garage to let the other tomatoes ripen and store your pail till next year. We planted 48 plants - 25 were in pails and 23 without. The tomato plants in the pail grew twice their normal size and tasted just as sweet.

If you have any questions, call 348-8727 or come out to Cerelli's Herb Farm, 1 mile north of Frederic on Old 27. Herbally yours, E. Diona Cerelli, C.H.

Citizens who wish to speak. Mr. Thayer appeared to thank Council for the work which had been done on Plum Street and wanted to make sure that Council was aware that when he and Mrs. Thayer appeared at last Council Meeting they were not speaking only for themselves but for others in their neighborhood. He also stated that much work needs to be done on other parts of Plum and on Ottawa. He asked if something could be done about traffic speed on Ottawa. Mr. Thompson stated that the problem of traffic will be referred to the Police Chief. He thanked Mr. Thayer for his comments and assured him that the streets will be taken care of as rapidly as possible.

Communications were received and noted. From Beautification Committee re: Minutes of Meeting. From Grayling Recreation Authority re: Meeting Minutes of 4-2-85.

From Crawford County Transportation Authority re: Meeting Minutes of 4-17-85 and 4-19-85. Mr. Sloan questioned remarks attributed to Mr. Morford. Mr. Morford replied that these were draft minutes and have not yet been approved.

From Grayling Regional Chamber of Commerce re: Meeting Minutes of 4-11-85.

From Grayling Regional Chamber of Commerce re: Meeting Minutes of 4-11-85.

From City Treasurer re: April Finance Statement.

From City Treasurer re: Monthly Gasoline Use Report.

From Workers Comp. Fund re: Board Nominations.

From M.M.L. re: Annual Conference.

From Police Chief Stephen re: P.D. Activity Report.

From City Manager re: Fire Protection Costs.

From Mich. Dept. of Treasury re: Annual Audit.

From Mich. Dept. of Labor re: Employee.

From M.M.L. re: Legislative Bulletin.

Old Business.

Mr. Eric Peterson, Hill, Woodcock & Schroderus C.P.A. was present to discuss with Council the municipal budget process.

He answered several questions which were asked by council persons.

New Business.

The City Manager presented to Council the report of the Cemetery Committee and its recommendations.

Motion by Sloan, supported by Latuszek that the rate structure and the Rules and Regulations as proposed by the Cemetery Committee be adopted effective 5-15-85. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of City Manager. Mr. Morford reported on the following:

Slip and fall accident on Peninsular Street.

Settlement of legal suit.

Future sale of city vehicle. Council asked the City Manager to investigate the current value to determine the appropriate asking bid.

Workmen's Comp. case.

Hearing to increase property taxes notice.

Motion by Sloan, supported by Golaick that the Public Hearing on raising taxes up to 2.5 mills be set for May 28, 1985. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of Councilmen.

Ms. Latuszek asked about the budget and stated that in her opinion the Council should rescind its previous action of accepting the report of the salary committee. She also feels that the fence around the cemetery should be deleted. In the salary area she proposed last year's salary including longevity plus current longevity.

Mr. Sabin asked that Council consider eliminating everything that the city is not required to do and all non-city programs from the budget.

Mr. Thompson spoke about the airport. He stated that he supported the airport and that according to his calculations it cost only \$2.50 per citizen of Grayling for their share of the financial support. He feels that the airport, by being here, has resulted in approximately 50-60 jobs to the city. These persons pay taxes and City Income Tax. He warned that Council needs to take a long look at the ramifications to ceasing support of the facility.

Adjournment.

Motion by Thompson, supported by Sabin that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 10:06 p.m.

COMMISSION ORDER CFI-104.85

(Under Authority of Act 165, P.A. 1929, and Act 230 P.A. 1925, as amended)

STATEWIDE TROUT AND SALMON REGULATIONS

Under the authority of Section 3 of Act 230, P.A. 1925, and Act 165, P.A. 1929, as amended, being Sections 300.3 and 303.1, respectively, of the Michigan Compiled Laws, the Natural Resources Commission, at its May 17, 1985, meeting, rescinded its July 13, 1984, order, No. CFI 104.85, and ordered that for a period beginning June 1, 1985, through March 31, 1987, no person shall possess, take or attempt to take, any species of trout or salmon from any of the waters of this state except by hook and line during the open seasons prescribed, and within the minimum size limits and maximum possession limits indicated below.

Statewide open seasons on all trout streams and designated trout lakes shall be from the last Saturday in April through September 30 (longer on waters designated by the Director for extended fishing under Act 165) on all trout and salmon. Statewide open seasons on all other inland lakes and the Great Lakes shall be any time for all trout and salmon except on Lake Huron and its tributary streams and on Lake Michigan and its tributary streams the season on lake trout is from May 1 through August 15. Also, the following defined areas are established as refuge areas for lake trout rehabilitation and are closed to sport fishing for lake trout.

LAKE MICHIGAN (NORTH)

All waters enclosed in an area commencing at a point 9 miles due west of 7-mile point, then westerly for 13 1/2 miles, then north 5 1/2 miles, then west for 9 miles, then north for 11 miles then west for 18 miles, then south for 38 1/2 miles, then east for 9 miles, then north for 5 1/2 miles, then east for 9 miles, then north for 5 1/2 miles, then east for 18 miles, then north for 5 1/2 miles, then east for 4 1/2 miles, then north for 5 1/2 miles to the point of beginning.

LAKE MICHIGAN (SOUTH)

All waters enclosed in an area commencing at a point 12 1/2 miles due west of the lake entrance of Duck Lake, Muskegon County (T11N, R18W, Sec. 24), then west to the state boundary, then southerly along the state boundary to a point due west of a point 1 1/4 miles south of Lake Macatawa Harbor entrance, then due east 14 miles, then north to point of origin.

LAKE HURON

All waters enclosed in an area commencing from Pt. Anderson (T41N, R5E, Sec. 17) to a point 21 miles south, then easterly to the international boundary, then northerly along the international boundary to a point due east of the point of land south and east of Bass Cove on Drummond Island (T41N, R7E, Sec. 26) then due west to the intersection of Drummond Island (T41N, R7E, Sec. 26).

Size limits shall be 8 inches in Lower Peninsula streams, 7 inches on Upper Peninsula streams, and 10 inches on all lakes. The possession limit for trout and salmon shall be 5 fish singly or in combination but no more than 2 lake trout or splake from Lake Superior and Lake Huron and their tributary streams, except that an additional 5 brook or brown trout may be taken from streams from the last Saturday in April through September 30 only.

In addition to one day's possession limit of salmon and trout, a person may possess an additional two days' possession limit of processed salmon. For the purposes of this Commission Order, the term processed means:

(a) Canned in a sealed container
(b) Cured by smoking or drying
(c) Frozen in a solid state
Any processed salmon or trout aboard a vessel on the water or at dockside shall be included in the daily possession limit.

Lovells News

By Ruth Caldwell

Mr. and Mrs. Tom Stalker and sons of Saline spent the weekend with her parents, Mr. and Mrs. Bill Koernke.

The Cheerful Givers Club will meet Thursday evening at the clubroom at 7:30.

Mr. and Mrs. Leonard Nussbaum have returned home after spending the winter in Texas.

Lovells Home Extension

The Lovells Home Extension Group met on Wed., May 8th, 1985, at the Twp. Hall.

Our hostess Joyce Mullins, with co-hostesses Margie Harwood and Vi Bigford, served a lovely luncheon for all attending, and we welcomed a new member Marion Lizely to our group.

The meeting was called to order by chairperson Mildred Johnson, reports were read and accepted, we then had election of officers for the coming year. Mildred Johnson and Carol Ralph, graciously agreed to remain in office as chairperson and sec-trea. respectively, Margie Harwood as vice chairperson, Kitty Pellegrini - Cultural Arts.

Vickie Davio spoke to us about our health, and what to watch out for to avoid certain illnesses. Margaret Miller talked about 'Family Living' which makes one stop to ponder over our lives thus far, both were very informative.

We also had a gentleman from the Water Dept. explain our water system and its contents, he gave all present bottles and containers to have our water tested.

Plans are being finalized for our big Rummage and Bake Sale at the Town Hall over the July 4th weekend. Proceeds from this event goes toward Scholarship Funds, "Education is the lightest thing we can give our children, to carry for the rest of their lives."

The next meeting will be June 12th at the Twp. Hall. It will be the 35th Anniversary of the Lovells Group. We will be having Salad pot luck and plant exchange. We have extended invitations to past members to join us and celebrate the occasion.

I know I speak for all members when I extend 'Heartfelt Sympathy' to Hazel Koernke on the loss of her husband. As I look through the 'Scrapbook' I see Hazel has written this column for many, many, years doing a grand job, and will continue to do so I'm sure.

Respectfully,
Barbara Griswald

Resource Review

By Bruce Patrick
Conservation Officer

Most of you are aware that there is a proposal to change the DNR licensing program. This proposal includes more than just an increase in license fees, although an increase is part of the proposal.

The changes, the first since 1981, are necessary to offset the effect of inflation on the Game and Fish Protection Fund. Monies for the Fisheries, Law Enforcement and Wildlife Divisions come from the Game and Fish Fund. Almost all of the money in the Fund comes from the sales of hunting and fishing licenses. This source of revenue remains constant, while costs have continued to grow. Without passage of the proposal there will be a projected \$4.8 million dollar deficit the next fiscal year, starting this October. The effect of this shortfall is not known at this time. Certainly the three divisions mentioned above will bear the brunt. Departmental priorities will decide which programs will be cut. Layoff of Conservation Officers, biologists or technicians is a possibility.

The proposal would amend H.B. 4047 currently in the House Committee on Conservation and the Environment chaired by Representative Thomas Scott. It includes license changes, license fee increases, making the fisheries program eligible for more federal money, hiring 45 additional conservation officers, general fund support for property taxes and reimbursement for reduced senior citizen fees and establishing a Game and Fish Trust Fund.

The overall package should eliminate the projected fiscal year 1985/86 deficit and provide sufficient monies and keep the Game and Fish Protection Fund solvent until fiscal year 1990-91. The Fish and Game Trust Fund should then generate sufficient revenue to minimize the need for raising hunting and fishing license fees as a result of inflation. Next week, I will discuss specific items in the proposal.

Alumni News

The Board will meet on Tuesday, June 11, at 7 p.m. at the Administration building. Some new ideas are brewing...a new President will be voted in...plans will continue for the Annual Homecoming, September 7, 1985...other interested Alumni are invited.

We have lost a good friend and original sponsor of our Alumni Association. Frank L. Bond will be remembered with a Memorial Scholarship, something he believed in as a way to help some deserving students to further their education. We thank those who have contributed. We have not made plans for this to be given this year, but it could happen. The Annual letter will tell you all about it.

W.I.F. News

Our May 28th meeting opened with many plans and ideas to form a Frederic Day for August 3rd, of this year. We are going to try to get other groups interested in this so we can have their input. We are trying to make this event a fun time with food, entertainment, games, drawings and demonstrations. Hopefully, if we get the participation and interest of others we could make this a yearly event.

We are asking area clubs, organizations, businesses and individuals to send a representative to our June 11th meeting at the Frederic Fire Hall at 7:30 p.m. Frederic hasn't had a celebration in a long time. The possibilities are endless and not a lot of money needs to be spent to put together a great time for us here in Frederic.

A SPECIAL THANKS

I would like to thank everyone that attended my bridal shower and for the gifts and cards. They were really appreciated. And a special thanks to Terri Papendick, Julie Tobias, Pam Helsel, Betty Helsel, Mickey Sorenson, and Dawn Howell.

Roscommon Arts Council

ROSCOMMON ARTS COUNCIL Merit Award recipients (from left to right) Maryalice Stoneback (West Branch), Dr. Robert Amsden (Arts Council Vice President), Sandy Scott (Rose City) and Cassie Valliere (West Branch).

The Roscommon Arts Council Scholarship Committee consisting of Sara Cherven, Anne Renbarger, Julia Byron and Helen Rutledge has selected this year's winners of funding. Merit Awards were granted to Maryalice Stoneback (West Branch), Cassy Valliere (West Branch) and Sandy Scott (Rose City). Each of the women are Kirtland College students in the Graphics Arts Program and were highly recommended by Graphics Arts Instructor Jane Hansen (Grayling). Ms. Stoneback is a first year student who already holds a Bachelor's Degree in English and is planning a career in Graphic Design; Ms. Valliere, also a first year student, wishes to enter the field of Fashion Design; and Ms. Scott is a second year student who's forte is in Illustration.

The Arts Council's Merit Awards are granted to individuals who show promise as artists and who are intending to pursue a career in one of the arts. This is the first year in which Awards were granted to people living outside of Roscommon County, but the Scholarship Committee believed that these Kirtland students were the most deserving applicants.

The Arts Council raises funds for scholarships by sponsoring quality theatrical and musical events and by producing the Summer Art Festival. This year, the Festival will take place on Saturday, July 13 in Wallace Park and in the Downtown Area of Roscommon. Artists interested in entering the Festival should contact Julia Byron at 821-8149.

Other upcoming Art's Council events are The Blue Lake International touring group and Harbinger Dance Company. This year on July 1 at the Roscommon High School the 46 member Band and Gymnastics Team from Denmark will perform. The Harbinger Dance Company will be jointly sponsored by the Roscommon Arts Council, The Crawford County Arts Council and Kirtland's Performing Arts Series and will be presented in Kirtland's Auditorium on Saturday, April 19, 1986 at 8 p.m. as part of Kirtland's Performing Artist Series.

Chamber Chatter

Little League Baseball is getting off to another successful season, but like other organizations, they need some financial support to maintain the programs. To that end, the officials of Little League have declared June 8th as Little League Day in Grayling & Crawford County. On that day, June 8th, Little League players, assisted by their coaches and parents will be calling at your door for a donation. The Knights of Columbus will take part in the day's activities by hosting the League and especially the canvassers with free pop and hot dogs. This part of the day's activities will take place about noon at the K of C Hall Club Rooms.

We at the Chamber support the Little League program and urge the citizens of Grayling to be generous and kind. Remember these kids are not too excited about asking for money door to door anymore than you would be. Please be generous and courteous.

The New Chamber of Commerce building will be celebrating its first birthday on June 14th. We plan an Open House from 10 a.m. to 4 p.m. We'll have some coffee and lots of conversation. We'll also have some statistical data of our accomplishments, of which we're very proud.

So come on over to our house on June 14th from 10 a.m. to 4 p.m. We're in the City Park, downtown under the water tower.

The schedule for the Military Reception is now available and has been mailed to all Chamber Members. The first reception took place June 3rd and we welcomed the 84th Division of Wisconsin who will be training now with a complement 1,129 trainees. The next reception will be held on June 17th, when we welcome the officers of the Michigan contingent who will be training with 9,000 troops. We urge the citizens of the Grayling area and especially members of the Chamber of Commerce to participate in these programs. The cost to civilians is \$5.00 per person which pays for specially prepared Kielbasa or Knackwurst and some refreshments. There is no charge to the Military. They are our guests. Most of the receptions are held at the Pavilion at the City Park next to the Chamber of Commerce Building.

We regret the omission of the names of Paul Mesack and Adam's Photography in our list of members in our recent advertisement.

CHURCH DIRECTORY

Here's Hoping...

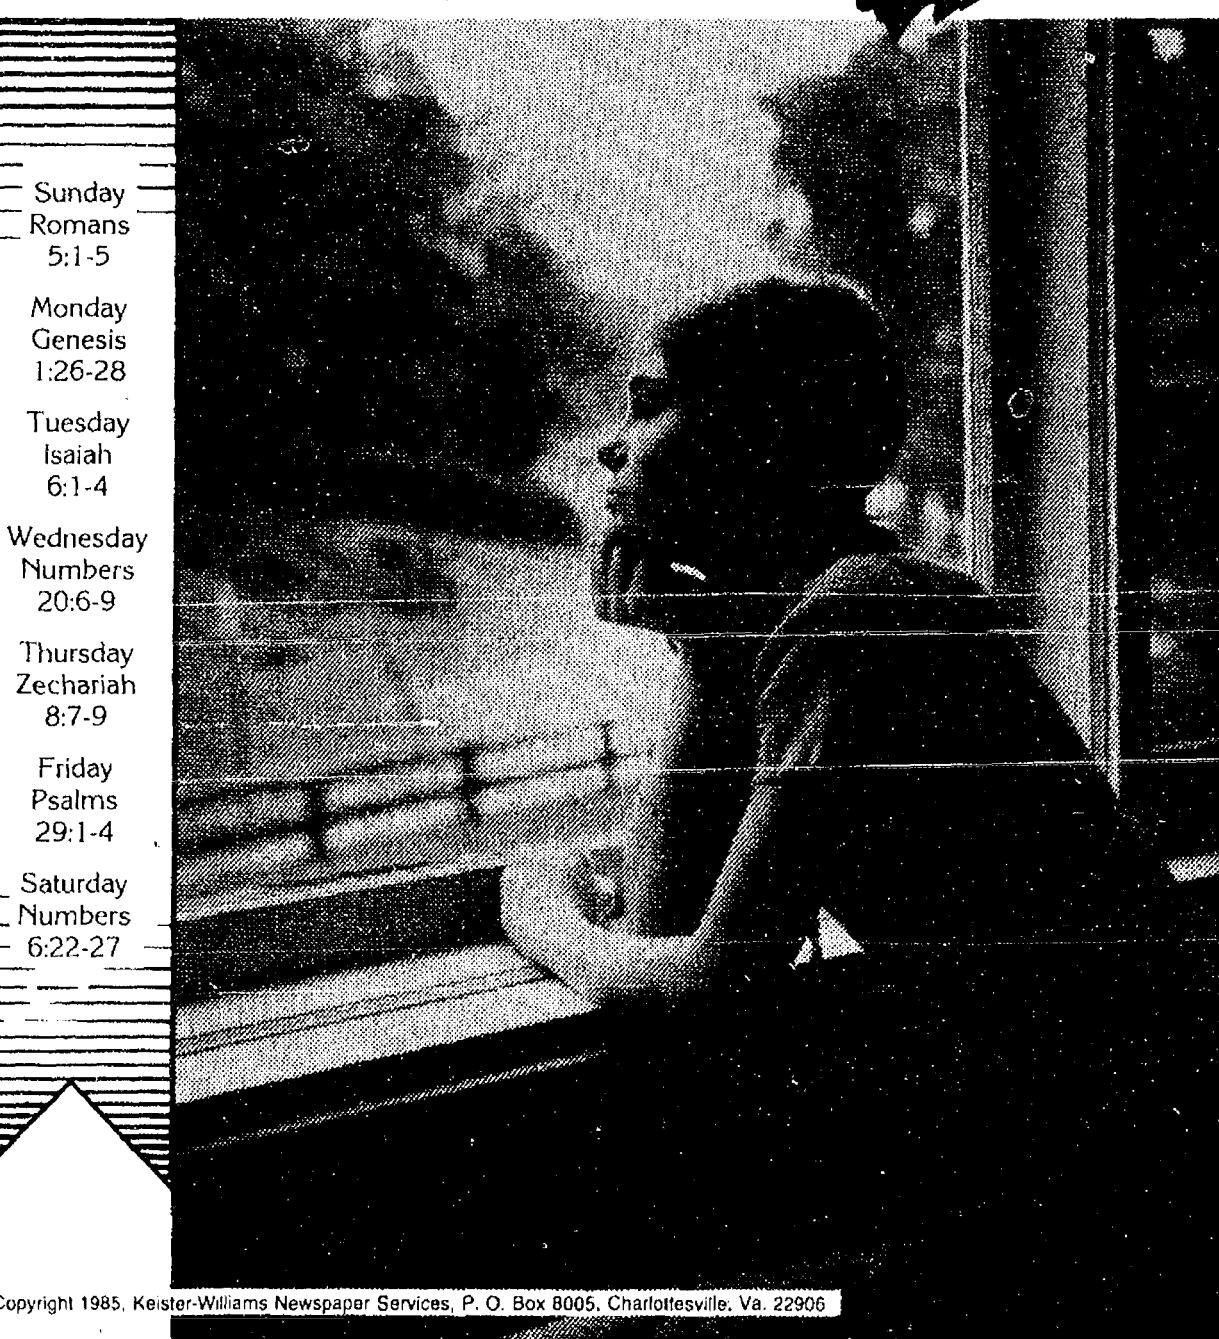

All of us do a lot of hoping... a lot of wishing. That's the human thing to do. But, somehow, we all know that "wishing won't make it so."

Living abundantly means more than just taking a chance on life. It takes courage and confidence to face up to our problems, and it takes strength to solve them.

None of us is perfect enough to live without hope. But, is hope enough? No, to cross our fingers and make a wish is not sufficient. But in church, with prayer and dedication, we can find the strength and faith to make our hopes come true.

Won't you give it a try next week?

Vikings Win Season Final with Bats 17 - 9

Grayling pounded Gaylord St. Mary's 17-9 and dropped a 13-6 game in a slugfest doubleheader Wednesday, May 29, here.

In the 17-9 win, freshman Jeff McClellan thumped two home runs, both two-run blasts. George Duncan went 3 for 5 with two doubles and three RBI's. Jeff Palmer, Jon Nicholas, and Dean McKinney each had two hits and Jeff Branch, Rod Patterson, and Brad Naghtin each had one. John Meagher drew four walks.

Grayling used a nine-run fifth inning to ice the game. In the first game, the Vikings were cruising with a 6-1 lead going into the sixth when Gaylord St. Mary's joined them with two home runs to start the inning. They scored ten runs to pull ahead.

Grayling scored their six

runs on a home run by Branch, a home run by Patterson, an RBI walk with the bases loaded by Patterson, two unearned runs, and an RBI single by Branch.

Nicholas and Duncan had two hits each, McKinney, Hudson, and McClellan had one each.

The Vikings finished the season at 5-11.

Medley Places 9th at State

Gina Medley, GHS senior, finished 9th out of the top 27 runners in the state class C track meet June 1st at Clare in the mile race. Medley, who was Grayling's lone representative in the finals, also placed 12th out of 27 racers in the two-mile race.

Medley ended an outstanding track career at GHS at the state finals. On May 23 this year she set a new Michigan Huron Shores Conference record for the 800-meter race with a 2:24.3 time.

Cong. Davis' Aid in County

Congressman Davis' District representative Betty Mankowski will be visiting your area in the near future. Anyone wishing to meet with Ms. Mankowski is invited to do so without an appointment. She will be available to discuss any problems you may be having with federal or state government.

She will be in Crawford County on Tuesday, June 11th at the Lovells Township Hall from 10 to 11 a.m. and at the Frederic Township Hall from 11:30 till 1:00 p.m.
